

Welcome to People to People

People to People Citizen Ambassador Programs offers specialized international travel programs for professionals that help you build your local and global network, develop your career, and open the door to people and places beyond compare.

Join leader **Karen Jacobs, EdD, OTR/L, CPE, FAOTA**, clinical professor of occupational therapy at Boston University, on the Occupational Therapy Delegation traveling to **Israel in June 2010**. Delegates will take part in facility walk-throughs, informal social events, and roundtable discussions with their professional counterparts in the occupational therapy field.

Your Israel Program

A few words from Dr. Jacobs:

This will be my third trip to Israel and my eighth delegation for People to People Ambassador Programs. My familiarity with Israel and the Israeli occupational therapy community provides a strong foundation for making our experience very meaningful. These colleagues are eager to meet with us for formal and informal discussions in their work environments. I am confident that these will be stimulating conversations!

Our delegation will explore and discuss:

- Access to health and rehabilitation services for people with disabilities and illnesses
- School-based services for children with disabilities and illnesses
- Ergonomics in the workplace and learning environments
- Maximizing health, safety, and quality of life for persons with disabilities and illnesses
- Academic training of occupational therapists in Israel
- Occupational therapy faculty research, scholarship, and clinical activities
